EarthTrek Expeditions has been organizing wonderful rafting trips for groups for nearly 30 years so we know how to do it right. A whitewater rafting trip is the perfect activity for a group as it promotes team building and comradery, and it is simply a lot of fun. It doesn't matter if your group size is 6 or 150, we've got the perfect trip for you.

We're here to help you organize and market your group trip with posters and flyers that you can customize with information about your trip. Also, our web site is jam packed with information that will help you organize your group trip with us.

**Group Discounts:** We offer discounted rates and free trips for group organizers. Our discounts start with only 6 people as we give you half a free trip with every 6 persons, or one free trip with every 12 persons, and so on. Plus, for larger groups of 24 or more we discount the cost per person by \$30 for two day trips and \$10 for one day trips (discounts applied to adult rates only, youth rates are already discounted). These discounts apply only to trips on the American River but similar discounts are available on most of the trips on other rivers offered by our associate outfitters.

## Rafting Trips ↔ Team Building

A rafting trip is especially valuable for corporate groups as rafting is the perfect team building activity. In the highly competitive corporate world, only the strongest companies survive. One aspect of a strong company is a highly motivated team of employees who can work together as one, like paddling a raft down a wild river. A group rafting trip for your company provides an opportunity for your employees to get together and have a lot of fun as well as develop better team dynamics that they will take back to the workplace.
