

Checklist of what to bring

Following is a list of suggested items to bring on your rafting trip. On overnight trips all of your gear will remain at our South Fork base camp. Because gear is never carried on the rafts you are welcome to bring as much as you feel you need.

While on the river

- Swim suit or shorts.
- Proper foot wear that protects your feet just in case you swim. Tennis shoes or wet suit booties are best. Teva style sandals that securely strap on your feet are OK but they do not give you the best foot protection. Thongs or bare feet are not allowed on the river.
- Cap or visor with chin strap.
- Sunglasses with secure headstrap such as Croakies.
- Sunscreen and lip ointment. Warning: do not put sunscreen on forehead or back of legs.

If cool or inclement weather is a possibility we recommend the following items

- Wetsuit and booties.
- Polypropylene, wool, capilene or synthetic fleece clothing that will insulate even when wet.
- Wool socks, hat and gloves.
- Waterproof rain gear or paddle jacket.

REMEMBER: Do not wear cotton as it will make you colder when wet.

Camp items on overnight trips

- Sleeping Bag and foam sleeping pad.
- Tent (small backpacking style best).
- Flashlight with extra batteries.
- Extra dry clothes for after rafting.
- Sweater or jacket.
- Towel.
- Toiletries (soap, tooth brush, toothpaste, etc.)

Optional items on overnight trips

- Musical instrument, games, books, etc. No loud radios or tape players please.
- Fishing gear with California license.
- Folding camp chairs.
- Pillow

WEATHER: During the Summer months you can expect warm, sunny days with temperatures from the 80's to the low 100's. Evenings can cool to the low 50's. While rain is not expected it is always a possibility anytime during the year. During the Spring we can normally expect higher water flows and cooler air temperatures so pack accordingly.

CAMERAS: Cameras are OK to bring but we do not recommend taking them on the rafts unless they are a waterproof type. Inexpensive one-time use waterproof cameras are best and we have these available at our camp store. You will have the opportunity to purchase a photograph, taken by a professional photographer, of you running the biggest rapids.

Items can be rented individually or we have a package rate that includes all three items. If cool weather is expected on your trip it is a good idea to also bring wool or polypropylene clothing to wear under your wetsuit.
